

Very Important Protection for Our Most Valuable Partners

Innovative
Medical
Products™

Together we can bring the best to every patient.

At IMP, we believe in pushing the boundaries of technical innovation. We also know every patient undergoing a surgical procedure deserves confidence in the performance and reliability of the products used in the OR. Ensuring that trust relies on a joint effort with you to deliver patient protection. We call it: **IMP MVP (Most Valuable Partner)**.

IMP MVP is more than patient protection. It's sustained product **performance, reliability, and future value.**

 **Join**
IMP MVP.*

 **Use**
IMP positioner-designed patient protective pads or SteriBump®, our sterile surgical bump.

 **Receive**
Positioner loaner support during repairs.

 **Reduce**
Lifetime costs of positioner maintenance.

 **Ensure**
Product Performance and clinical peace of mind.

Positioned for Performance. Proven for prevention.

Becoming an IMP MVP is simple: start using our positioner-designed pads or SteriBump®, our sterile surgical bump. These patient protection solutions help reduce the risk of perioperative injuries while supporting proper use in line with our IFUs. Designed specifically for our positioners, they help your team stay compliant and consistent. The result is an operating room where staff and surgeons have the support they need for optimal performance.

What's more, you'll also benefit from these exclusive product and service offerings:
